CHILDREN'S EYE HEALTH & SAFETY MONTH:

Earlier this month, we sent out an email blast to introduce our partnership with VSP Individual Vision Plans. Children's eye health and safety month is a great opportunity to remind clients of the vision benefits VSP offers. Reach out to licensing@kafl.com to register, and we'll follow up with a link to the training and marketing tools to help you get started.

CARRIER UPDATE:

Lifetime Benefit Solutions has launched a series of FAQ's which will cover a variety of topics, including 1095 tax forms and COBRA. Follow the link in the main email to view the different FAQs.

COMPLIANCE UPDATES

There is a new prescription drug reporting requirement that has been released. *"The Consolidated Appropriations Act, 2021 ("CAA") requires plan sponsors of group health plans to submit information annually about prescription drugs and health care spending to Centers for Medicare and Medicaid Services ("CMS")*". Follow the link in the email to read more.

This is a reminder about the new cost sharing disclosure in 2023. *"Another compliance deadline is quickly approaching. For plan years that begin on or after January 1, 2023, group health plans must provide for advance disclosure of cost-sharing information to enrollees seeking health services, upon request and to the extent practicable"*. Follow the link in the email to read more.
